

TESTIMONIAL "The therapists at Now I See A Person, do not push her to talk" ~ "They make you feel comfortable in a loose outdoor environment" **TESTIMONIAL**

**Rebuilding Lives with
Equine Healing. Here we
See you as A Person...**

**Not as a diagnosis that may
have defined or limited you
in the past...Here WE
believe in YOU**

Relational Hosting at NISAPI

Open to all Taos Associates, we offer you to come and actively witness our recovery model in a naturalistic environment where horses are often the co-therapist.

We hope you will bring your passion and enthusiasm while you become a part of our team in NISAP's community & recovery based approach. Diagnoses or labels become obscure and people are seen as people. Witness self-created change in a climate of normalcy at a horse ranch where freedom abounds.

TESTIMONIAL "In just 4 months, they have dramatically built up my daughter's confidence and self-esteem" ~ "They have brought peace to our home" **TESTIMONIAL**

Join Us at Now I See A Person Institute

Become Immersed in our Community

Come join our team of therapists at Now I See A Person Institute and experience our therapy combining horses and treatment which fosters hope, new possibilities, transformation and new identities.

An Alternate Approach...

To those diagnosed with severe mental health and substance themes as well as those suffering from violent crime and trauma. Our referrals are from the department of mental health, children's protective services and victims of crime.

To join our communities contact Dr. Susan Swim at swiminc@aol.com. We wish to self-tailor your time with us. Come for a day, week, month or year long.

*We are one learning
community embracing
another...*
