0.3 Table of contents

0.1 Abstract	i
0.2 Abstract (Dutch)	ii
0.3 Table of contents	iii
Chapter 1: Introduction	1
1.1 A world of change.....	1
1.2 Research as future forming	2
1.3 Call for research	3
1.4 The characteristics of the group being researched	4
1.5 Contribution to knowledge and practice	7
1.6 Research questions.....	8
1.7 Basic assumptions of this study.....	9
1.8 Summary of this research.....	9
Chapter 2: Literature review	11
2.1 Three lines of thought.....	11
2.2 Social learning.....	12
2.2.1 Social development theory	12
2.2.2 Ecological systems.....	13
2.2.3 Social cognitive theory	13
2.3 Flourishing theories	14
2.3.1 Positive emotions.....	15
2.3.2 Flow	16
2.3.3 Growth mindset.....	17
2.4 Consciousness development.....	18
2.4.1 Quantum consciousness.....	18
2.4.2 Quantum theory	19
2.4.3 Evolutionary-Teal	23
Chapter 3: Methodological approach.....	27
3.0.1 Future-forming research.....	27
3.0.2 Why not action research?.....	29
3.0.3 Why not AI?	30
3.1 The position of the researcher	30

3.1.1 All research is autobiographical: Introducing the researcher's voice.....	31
3.1.2 Researcher's training	31
3.1.3 The vision of the researcher	32
3.2 Grounded theory	33
3.2.1 Why use grounded theory?	34
3.2.2 The introduction of grounded theory in history.....	34
3.2.3 Theoretical sensitivity	36
3.2.4 Steps of grounded theory	36
3.2.5 Critique and discussion	40
3.3 The group being studied	41
3.3.1 Appreciative inquiry.....	41
3.4 Energy-led research	45
Chapter 4: Research design	48
4.1 Qualitative interviews.....	48
4.1.1 The experience of the interviews.....	49
4.1.2 Strategy for finding interviewees	50
4.1.3 Interviewees.....	51
4.1.4 Anonymization	55
4.1.5 Interview guides	56
4.2 Interactive research workshop.....	57
4.2.1 The co-creative improvisation	57
4.3 Analysis workshop.....	58
4.3.1 World Café	59
4.3.2 Program for analysis workshop	60
4.3.3 Experiences from the workshop	60
4.4 Observations and field notes	63
4.5 Analysis strategy	63
4.5.1 Step-by-step method.....	63
4.6 Data structure.....	64
4.6.1 Aggregated dimension 1: Balancing.....	64
4.6.2 Aggregated dimension 2: Flow.....	66
4.6.3 Aggregated dimension 3: Healing	68
4.6.4 Aggregated dimension 4: Trust 2.0	70
4.6.5 Aggregated dimension 5: Energy	72

4.6.6 Aggregated dimension 6: Wholeness	74
Chapter 5: Analysis	77
5.1 A grounded theory of organic growth	77
5.1.1 Definition of organic growth	77
5.1.2 Organic growth as an ideal type	78
5.1.3 The power of micro-moments	79
5.1.4 Organic growth and appreciative inquiry	79
5.2 The six dimensions of organic growth	80
5.3 Balancing	80
5.3.1 Darkness and light	81
5.3.2 Relaxation and restitution	82
5.3.3 Non-forcing	84
5.4 Flow	85
5.4.1 Intuition	87
5.4.2 Simplicity	89
5.4.3 Synchronicity	90
5.5 Healing	92
5.5.1 Readiness	95
5.5.2 Resistance	96
5.5.3 Letting go	96
5.6 Trust 2.0	97
5.6.1 Acceptance and mothering energy	99
5.6.2 Emergence	101
5.6.3 Openness	101
5.7 Energy	102
5.7.1 Human relational energy	103
5.7.2 Appreciation	104
5.7.3 Fun, humor and play	105
5.8 Wholeness	106
5.8.1 Interconnectedness	107
5.8.2 Love	109
5.8.3 Magic	110
Chapter 6: Connections in literature	112
6.1 Summary of related literature	112

6.2 Connections to previous research on AI practitioners	113
Chapter 7: Findings and interpretations	117
7.1 Addressing initial research questions.....	117
7.2 The umbrella model of organic growth.....	119
7.3 The organic growth spiral	122
7.4 The six frequencies of organic growth	123
7.5 Quansciousness.....	126
7.6 The celebration of the other	126
7.7 A new concept of the individual	127
Chapter 8: Discussion.....	129
8.1 The birth of a word in an effective society	129
8.2 Negativity bias or wired for the positive?.....	130
8.3 Shifting roles: Social construction and appreciative inquiry	130
8.4 Assessing a grounded theory	132
Chapter 9: Implications and further research.....	134
9.1 Implications for the scholarly field of learning theories	134
9.2 Identity and emotional work for appreciative inquiry practitioners	135
9.3 Organic growth in education	136
9.4 Organic growth for employees	137
Chapter 10: Conclusions.....	138
10.1 The organic growth of the positive change practitioner	138
10.2 The relations between organic growth and its six dimensions.....	139
10.3 Perspective – knowledge is process.....	140
References	142
11.1 Bibliography.....	142
11.2 Table of figures.....	154
11.3 Table of tables.....	155
Appendices	156
12.1 Appreciative inquiry: A primer	156
12.1.1 The 4D model of appreciative inquiry	156
12.1.2 Conscious co-elevation	158
12.1.3 SOAR.....	160
12.1.4 Appreciative inquiry in action.....	160
12.1.5 Whole system in the room: The AI Summit methodology	162

12.2 Slides for the “Co-creating Research” workshop.....	164
12.3 Slides for the “Analysis Workshop”	168
12.4 Research questions.....	171
12.5 Overview of interviewees.....	172
12.6 Quotes from interviews, observations and workshops	173
12.7 Thirty-six competencies of AI practitioners.....	189
12.8 Evaluative reflections on the use of the method.....	191
12.9 What has the researcher learned?.....	195
12.10 Critical perspectives	196
12.10.1 The concept of critique.....	196
12.10.2 The validity police.....	196
12.10.3 Critique of the field of positive change.....	197
12.10.4 Different types of critique.....	197
12.10.5 Critiques that miss the target.....	198
12.10.6 Critique hitting the target earlier on	199
12.10.7 Points of critique relevant today	202
